GRAYLING, MICHIGAN, THURSDAY, JULY 9, 1936

State Officers Speak To County Clerks

**AXEL PETERSON ELECTED
PRESIDENT**

**Crystal Falls Selected Next Con-
vention City**

Members in attendance at the 28th annual convention of the Michigan Association of clerks, held in Grayling this week, began arriving Monday night and by Tuesday afternoon there were 38 clerks and their wives registered, also there were many supervisors in attendance.

Headquarters for the convention was at Shoppenagons Inn, and business sessions at the Officers Club house at the Hanson State Military reservation.

The visitors joined with the local Kiwanis club in an informal luncheon Tuesday noon. Except for a gesture for welcome extended by President Emil Giegling of the Kiwanis Club, and a few words in response by President Lynn D. Allen, county clerk of Oakland county, there were no speeches. A good luncheon and a lot of fishing, led by Frank Sales, a former county clerk, gave the clerks' program a fine start, and also an opportunity to meet some of our local citizens.

The Tuesday afternoon meeting was held at the Officers' club, with President Allen presiding. The clerks, visiting supervisors and others in attendance were extended cordial greetings by Mayor Chris Olsen of Grayling. Probate Judge Charles E. Moore, of Grayling gave a brief address, telling of some of the interesting things to see around Grayling, and some of our recreational activities.

The remainder of the afternoon was taken up with round-table discussions.

Wednesday's session was devoted to talks and routine business. Former Mayor T. W. Hanson of Grayling told of the early day lumberjacks. Attorney Merle Nellist talked about the relationship between the people and their county clerk and advocated that the public become better informed as to the duties of their clerks.

In the afternoon Andrew Jordan of Lansing gave an address pertaining to naturalization laws.

Louis Webber, deputy secretary of state, talked on the subject "Michigan Commission to Study Election Laws." W. B. McPherson, state tax commissioner, of Lansing discussed state tax matters.

Wednesday evening there was a banquet at Michelson Memorial church, served by the Ladies Aid. Rev. Flory, pastor of the church, gave the invocation. Dr. C. R. Keyport of Grayling was the toastmaster.

Speakers at the banquet were: Axel Peterson, county clerk of Crawford county, who presented the delegates and visitors.

Hon. Edward A. Bilitzke, circuit judge, gave a resume of the manner in which the members of the supreme court are chosen and other interesting matters concerning that body.

Secretary of State Orville E. Atwood, pinch hitting for State Treasurer Fry who was unable to be present, talked of state affairs. The program was deeply interesting and enlightening and no doubt the delegates got a lot of real good and information from the talks.

During the evening entertainment was provided by Henry Ford's Mountaineers, which added a lot of pleasure to the program.

Following are the newly elected officers:

Axel M. Peterson, Crawford county, president.

Oliver W. Putz, Iron county, 1st vice pres.

Allan C. Hyde, Barry county, 2nd vice pres.

Emmett M. Gibb, Washtenaw county, secretary.

John A. Hagman, Livingston county, treasurer.

The state convention next year will be held at Crystal Falls, in Iron county.

The meeting closed this forenoon.

Dr. Hathaway Coming

Dr. Hathaway, Optometrist of Pontiac, Michigan, will be at his Grayling office July 14, 15 and 16 on his regular monthly visit for Optometric work. 7-2-2

RADIO INTERFERENCE And Some Methods of Reduc- ing It.

Radio interference may be roughly divided into two classes, atmospheric and man-made. Of course there is little we can do about atmospheric or static interference, as, contrary to general opinion, electro magnetic waves have been generated since the beginning of time by the most powerful transmitter of them all—lightning, which is very similar to the man-made spark transmitter.

However the broadcasting stations are constantly increasing their power and efficiency which means that the ratio of signal to static strength is being increased so that it is possible to reduce the volume of the ratio to a point where the noise is not so disagreeable and still receive the music with satisfactory volume. Millions of gadgets guaranteed to reduce or eliminate static have been sold to the public but all of them are entirely worthless.

Man-made interference comes from many places. The electric lighter on the cigar store counter, the sparking brushes of a motor with worn or dirty commutator, vibration of the thermostat contact of an electric heat pad, the vibrator contacts in the old style barber clippers and many other electrical appliances are miniature spark transmitters generating identically the same kind of electro magnetic waves as your favorite broadcasting station.

Most of these lacking an aerial and ground connection, feed these impulses into the electric light line which may carry them many miles unless filters consisting of chokes and condensers are provided to suppress them. Most public service companies now value the good will of the public enough to cooperate by making every effort to prevent their lines from carrying interference to their radio listeners, and such interference is being gradually reduced, depending to a great extent on how much complaint their customers make.

However the proper place to reduce interference is at the point where it is made. New appliances, motors, X-ray machines, violet ray machines, clippers and other apparatus now are generally arranged that no interference is generated, but on the old types now in use some kind of suppressor must be used. The standard arrangement is two one microfarad paper condensers connected in series across the line as close as possible to the apparatus, or across the brushes of a motor, with the center point between the two condensers grounded to a water pipe or other GOOD ground. Frames of all motors and machinery should be grounded. In most cases this arrangement will greatly reduce or even entirely eliminate the noise, but in some other cases it seems to have little or no effect. In such cases a suitable filter system of condensers and checks must be designed to fit the particular case. Noises can always be suppressed but sometimes the expense is prohibitive.

Public service companies have trouble finders, small sensitive portable radios which will pick up noises only when turned edge-ways to the source, with which they can usually locate any serious noise very quickly, so that an effort may be made to suppress it.

Locating and suppressing all of the noises is a long and tedious job, but in the meantime you can go over your own appliances and make sure none of them are offending, and induce your neighbor to do the same. If every radio listener will do his part the noises will be greatly reduced with little effort.

Chas. Middleton.

ANNOUNCEMENT

I have decided to enter the primaries of the Republican party for the office of Representative in the State Legislature from this, the Presque Isle district, and respectfully request

WILLIAM GREEN

your support and vote in the primaries to be held on September 15th, 1936.

I am at the present time your representative in the State Legislature, and I believe that my record entitles me to the nomination and re-election to the office, and if I am successful I will promise the same painstaking attention to the duties of the office and the interests of my district that I have given in the past.

William Green.

Wood Sculpture

Reviewing the history of wood sculpture, states an expert, the earliest examples extant were found in Egypt, where figures were made by the ancients for the souls of the dead. The Egyptian sculptors, he said, "were obsessed with realism so that the soul would recognize where to go."

Cherries!

Every year many folk ask us to furnish them with cherries. They come direct from my Bellaire orchard, fresh, ripe, delicious, and at right price.

Picking begins soon. Leave your order NOW.

\$70,000 POST OFFICE BUILD- ING ALLOTTED

Selection and approval of a new Post Office building for Grayling to be constructed out of a \$1,500,000 emergency construction fund for Michigan has been announced by the Treasury Dept., and the Post Office Dept. The cost limit including both building and site for the Grayling project amounts to \$70,000, and work on the project will be started immediately.

Proposals are now being solicited for a site for the Federal building here to be opened publicly in the office of the Postmaster, Grayling, Michigan on July 13, 1936 at 9:00 a. m., for the sale or donation to the United States of a lot conveniently located.

Approximate dimensions desired are: corner lots 120 ft. frontage by 170 ft. depth; interior lots 145 ft. frontage by 170 ft. depth. Sites having different street frontage dimensions will be considered provided the area is approximately the same. Upon application, the Postmaster here will supply prospective bidders with proposal blanks and a circular giving particulars as to the requirements and instructions for the preparation of bids.

This news is received with genuine enthusiasm within the community due to our needs and the demands for adequate and suitable post office quarters and facilities, and is the most significant undertaking to occur within the community for sometime.

DEMOCRATIC MEETING

There will be a Democratic meeting and rally held at the Oddfellows hall Friday, July 10th. Elmer Smith of Gaylord will be the speaker of the evening.

Companionship of Books

Books are a guide in youth, and an entertainment for age. They support us under solitude, and keep us from becoming a burden to ourselves. They help us to forget the crossness of men and things, compose our cares and our passions, and lay our disappointments asleep.

TREASURY DEPARTMENT. Procurement Division—Public Works Branch, Washington, D. C., Jun 24, 1936. Proposals are hereby solicited for a site for a Federal Building at Grayling, Michigan, to be opened publicly in the Office of the Postmaster at Grayling, Michigan, at 9 o'clock A. M., on Jul 13, 1936, for the sale, or donation to the U. S. of a lot conveniently located. Approximate dimensions—Corner lots 120 foot frontage 170 foot depth. Interior lots 145 foot frontage 170 foot depth. Sites having different street frontage dimensions will be considered provided the area is approximately the same. In all cases where possible bids should be submitted by actual owners of properties and not by agents. Documentary evidence of authority must be attached to proposals submitted by agents. Upon application, the Postmaster will supply prospective bidders with proposal blanks and a circular giving particulars as to requirements and instructions for preparation of bids and data to accompany same. C. J. Peoples, Director of Procurement.

Wolverine Gas & Oil Co. Open New Station

**CONTROL 5 COUNTIES IN
SALE McCLANAHAN OCTANE GAS**

Those three nice, new, shiny tanks on U. S. 27, just south of the AuSable river bridge are the new home for McClanahan's new High Octane Gas and by the time this newspaper is in circulation the Wolverine Gas & Oil Co. will be distributing gasoline over five northern Michigan counties.

Octane gas is a product of the McClanahan Oil Co., and is refined at St. Louis, Michigan, where the Company has installed the very latest processes and sciences in the development of gasoline for use as power for autos.

The new tanks have a capacity of 28,000 gallons, and more tanks will be added as needed. The tanks are operated by electricity, insuring a maximum of safety and convenience.

The Wolverine Gas and Oil Co. is operated by J. E. Schoonover and Harry Reynolds, as co-partners. They have installed a new GMC truck, equipped with the latest type of gas tank, having a capacity of 850 gallons. Contracts have been made for the distribution of McClanahan products in the counties of Crawford, Otsego, Roscommon, Kalkaska and Antrim. It will be retailed in Grayling at the Schoonover garage. More particulars regarding their products are published in an advertisement appearing in this paper, for Mr. Schoonover.

Public Opinion

I am one of the housewives that appreciate what our new city manager and the council has done for the town by wetting down our streets with oil. It's a great comfort for those who live on gravel streets.

Thank you very much Mr. Granger and Councilmen.

Both the swimming holes are now in operation. The men and boys pool (The old swimming hole) will be under supervision Monday, Wednesday and Friday afternoons from 1:00 to 4:00.

The women's and girls pool (Connine's Grove) Tuesday and Thursday afternoons from 1:00 to 4:00.

These pools are open at all other times without supervision. A lot of time and some money has been spent getting these pools in shape for swimming so everyone please do your part in taking care of them.

CAMP AU SABLE

**News About Grayling Camp Ap-
pears in National Newspaper**

Four pictures and a news item about Camp AuSable were printed in "Happy Days" of July 4th, 1936, the national CCC newspaper. The pictures were views of the beautiful office at the headquarters. In addition to these articles there were two more items taken from "The AuSable News," local camp paper, one about Senior Foreman Bob Coulter and another about Jimmy Root, the lad who had the accident at the fish hatchery. Also three of the jokes in the joke column were taken from the "Face to Face" column.

Desk For Chaplain Completed

Enrollee Nielsen has completed a beautiful office desk for Chaplain Connolly of the 4th District. It was constructed of plywood and cedar and varnished. The desk was sent by truck to Higgins Lake.

Legion Jottings

The Drum & Bugle Corps went to Mancelona the 4th and lead the parade in that city. There was a large crowd out and everyone seemed to be enjoying themselves.

Every Drum & Bugle Corps member is requested to be at the hall Thursday evening. There was no practice Monday evening and we want to drill outside tonight (Thursday).

Grayling Defeats Prudenville, 6-5
Friday the Junior League team from Prudenville journeyed here for a ball game. Dewey Coutts started pitching for Grayling and was relieved by William LaChapelle. This game was a thriller, ending Grayling 6, Prudenville 5. Our boys go to Roscommon this Friday to play.

MILLIKEN-SKINGLEY

Miss Virginia Skingley, daughter of Mr. and Mrs. Harold Skingley, became the bride, Saturday, of Mr. LeRoy Milliken, son of Mr. and Mrs. Frank Milliken, of Beaver Creek. The ceremony took place at West Branch and they were attended by Mr. and Mrs. Charles Zettle, of that city.

The bride was chosen by a unanimous vote to reign as Queen over the Grayling Winter Sports for this year, 1936, a position she has fulfilled very graciously.

Both young people are exceedingly well liked and have a host of friends, who join the Avalanche in extending best wishes for a long and happily wedded life.

**FEDERAL RECOVERY ACTI-
VITIES TO BE SHOWN IN

THURSDAY, JULY 9, 1936

WE DON'T care to criticize our Road commissioners for charging 25c for a blue-print county map, when requested by a live prospective resorter from out of the state, but when other counties give maps away free, it puts us in an unfavorable light. When a road map is asked for it is because that person is directly interested and the map would be put into actual service, and not wasted. We believe it would be good business to see to it that such inquiries and requests be given all the information we are able to supply. Had such an inquiry been sent to any one of our public resorts, it would have responded by sending maps and advertising materials that would have cost them many times the price of a simple county map. We set up civic committees for the purpose of aiding in the promotion of our community resources; members spend a lot of their time and energy in the work, serving without pay, the business firms subscribe funds for carrying on the work, all for the purpose of letting the outside world know what we have to offer. We wish to give the Road commission credit for desiring to economize but we believe this is poor economy and that they would meet the wishes of the taxpayers by trying to see the value of a prospective resorter. 25c might have kept Mr. Rehner and his family of Cleveland in Crawford county for the summer instead of their going to Lewiston.

NEW MAPS SOON AVAILABLE

Within another week, thru the efforts of a special committee of the Kiwanis Club and financial aid by our city council and local business, professional and industrial men, a recreation folder showing resort features around about Grayling will be available. This will contain one of the most complete and interesting resort maps of the county that has ever been made. And they are free for anyone wanting one.

ELEVEN bulletins ranging from one to six pages each was a part of the editor's mail on Friday of last week. That is about the average amount of that class of mail received at this office every day of the week. Most of the bulletins contain propaganda in favor of just about every conceivable nature, from politics, state and federal departments and bureaus, beet sugar, rail-

roads, colleges, leagues and scores of others. The instigators of these bulletins hope the newspapers will print them. They have paid some clever writer to prepare them and in some cases they contain a lot of interesting information. Many contain veiled advertising, such as should be paid for at advertising rates. The aggregate of the bulletins coming to newspaper offices is so voluminous that one doesn't have time to even read them all, much less publish them. The consequence is that most of them go into the waste basket. We believe it is the job of weekly newspapers to print the news of its community instead of a lot of articles that for home readers have little reader interest.

PLANNED ECONOMY

"Planned economy" is a phrase that drops glibly from the lips of agitated orators who insist, perhaps not openly, that the American form of government isn't such a good one.

Soviet Russia has "planned economy," telling every man how much he can raise, what he can sell it for, what he may earn, how long he may work, what he may eat, wear, and do. And the result?

The Saturday Review, published in London, gives these figures on prevailing food prices in Russia: Bread, 40 cents a loaf; butter, \$2 a pound; cigarettes, \$1 a package of 20; coffee, \$4 a pound; sugar, 35 cents a pound.

Nice, isn't it.—Industrial News Service.

WHERE TO PUT THE NEW POSTOFFICE

There is a lot of agitation relative to the matter of selecting a site for a new postoffice building. Among those talked about are as follows:

The proposal to locate it north from the City park, including spike's gardens, is out because of being adjacent to a thru highway.

Alfred Hanson property on 10th Street at the rear of the Mrs. Houghton home, and opposite the Hanson garage.

Three lots between the Electric Co. office and the Mrs. Hartley store. But we understand that the Telephone Co. refuses to sell its property so that selection doesn't look so possible. This might be overcome by securing fifty feet off the rear of Schjotz and Larson lots on Peninsular avenue.

The corner location on Michigan avenue, now occupied by the AuSable Dairy and McCullough shoe shop, the Mrs. Olson Jeweling and Cowell barber shop, the former Dr. Insley home and Jensen lot adjoining. This location joins the Rialto theatre and is opposite the Court house. The lot is slightly narrower than the specifications call for but we believe might be acceptable, especially inasmuch as more land than is required may be had on the Peninsular avenue side. The streets on each side are 100 feet in width and would provide ample street parking. It is located just off the business section

and in one of the pleasantest and quietest sections of the downtown district.

The Kraus corner, taking in the Barnett hardware store and postoffice building. Apparently this location is going to be too costly. The Kraus corner is offered for \$4,000 and \$2,000 extra for the business. The Barnett hardware business too would have to be purchased as well as the lot, and the present postoffice building. Apparently this is out because of the cost.

The Adler Jorgenson corner on Michigan Avenue and Spruce street.

The Nick Schjotz lots north of the hospital.

We understand there are other proposals under arrangement and no doubt will be presented in due time.

The bids will be opened at 9:00 o'clock next Monday morning, at the post office.

On a banana plantation in Guatemala stand two stone pillars whose carvings recall the ancient civilization of the Mayas, that mysterious extinct race of Central America, says the Philadelphia Record. Some believe that these monoliths merely recorded the history of a particular family that lived some 1,600 years ago. Other scientists have found in them some clues to the Mayan calendar, each seeming to record the passage of one "katun" or period of 20 years.

THROUGH A Woman's Eyes By JEAN NEWTON

WHO WANTS TO BE A TOAD?

"DEAR Jean Newton: "I must talk to someone this moment or burst. So I am writing to you. That won't get me into trouble anyway.

"Can you enlighten me on just one of the inequalities of this world of which I happen to be a victim but which I believe is one of the great universal jokes? That is the unequal distribution of responsibility. Why are some of us selected to be packhorses—when others with just as broad shoulders (or more) get away with having a good time. Why are some of us always prevented from doing the things we want to do by a duty to someone else, why do we have to spend our lives trying to keep our heads above the water of work, worry and responsibility—for others? Is there any reason other than that we stand for it—that is we want more not to let others down than we want what we want for ourselves?"

"I think, dear reader, that you have struck your own answer. There are some of us who care less about the things we should like, than we do about keeping face with ourselves—and that means not letting others down. But I think you're wrong about others going free who have just as "broad shoulders." I believe it is part of the balanced scheme of nature to give the loads to those who can bear them, and who in bearing become still stronger. You know a broad shoulder may conceal a weak spine. And that's what counts.

And, come to think of it, it's fun, isn't it? Though there may be times—such as you experienced when writing your letter—when it seems too much, when you are tempted to rebel, it really suits us of the broad shoulders and staunch spine to carry the loads. I am reminded of a little poem by Edgar Guest called "The Happy Toad." Here is a part of it:

I have no dreams I can't fulfill; I owe no other toad a bill; In slimy places I abide, But with them I am satisfied. I have no taxes, no beliefs, No cares, ambitions, hopes or griefs; No clothes to buy, no cash to lose, No tools that I must learn to use. I sing no dirges, tell no jokes; I'm just a jumping toad who croaks, Contented, placid, happy I. Shall be until the day I die. "Eat (says Edgar Guest) as I trudged along the road."

"I thought, "Who wants to be a toad?"

What Irvin S. Cobb Thinks about

SANTA MONICA, CALIF.

So soon as this, with both tickets just put up, folks already are saying this is starting out to be a bitter campaign—the bitterest, perhaps, since away back in 1896.

My guess is these prophets don't realize the twentieth part of it. I'm reminded of what happened when my old friend, Col. Bill Hayward, sailed with his negro regiment for France during the war.

The outfit embarked at night. Next morning, when the transport was well out at sea a pop-eyed trooper from the interior South stood staring at the endless watery expanse.

"Boy!" he exclaimed to a companion, "dis sho' is one big ocean!" "Mos' doubtless," stated the second soldier, "but, son, what you's lookin' at now is only jes de top layer."

The Union Party AT CLEVELAND there was har-mony and a quiet interment for the old Guard. At Philadelphia the proceedings moved along on greased rollers. But for real excitement, wait until that new Union party holds its convention.

Then will be the signal to remove the women and children to a place of safety. Just consider who'll be there: The inflationists who think that, as long as we have government engraving plants and printing presses, money should be plentiful. The group committed to the idea that, if the farmer won't do something for himself, something should be done for the farmer. Doctor Townsend, with his project to provide old age pensions for everybody over sixty except Congressman McGoorty. Father Coughlin, calling for social justice and better radio hook-ups. Huey Long's successor, who'd share the wealth and make every man a king.

Al Smith's Strategy AS AN old-time headliner of political vaudeville, Al Smith should have known better than to pull that ancient wheeze—shooting at Philadelphia letter carriers on a Sunday afternoon.

And besides, think of the desperate chance he and his supporting quartet of sharpshooters took: come between a mother panther and her cubs; come between a Frenchman and his fracas; come between a radio announcer and his elocution, but never, right on the eve of their national convention, try to come between a flock of office-holding Democrats and the prospect of four more uninterrupted years of the same.

Trouble of Travelers OUTSIDE the larger cities, when a hotel manager wishes to show a special guest special attention, he assigns him to the bed-chamber of state which usually is on the second floor, invariably is at the front of the house and nearly always on the corner where electric signs twinkle merrily till daylight in the poor sleepless wretch's eyes.

And along toward 2 a. m. a party named Dewey, standing in the street below, will start telling a party named Pink, about sumpin mighty comical that's come up Sad'day night whereupon Pink will be moved to recall a few social reminiscences of his own.

Convention Invocations ALTHOUGH a southerner—however, not working at the trade as steadily as some—I have to snicker when a Democratic senator walks out on his own convention because a colored preacher asks the divine blessing on its deliberations. Which reminds me:

The first time that great Texan, Jim Hogg, ran for the governorship his party split. The bolters joined with the Republican outfit—mostly black—to put up a fusion ticket.

At this pinto convention, the Rev. "Sin Killer" Griffin, a famous black evangelist, delivered the invocation. In concluding, he threw an unexpected bombshell into the plebeian ranks by earnestly urging the Lord to put Hogg in the governor's chair.

Terrific uproar ensued. Finally a dusky stalwart got the floor. "I moves," he bellowed, "dat dis yere traitor some and on-Republik-in prayer be expunged from de record."

Majestically, "Sin Killer" erected himself. "I rises," he stated, "to a p'int of order. It's too late to expunge from de record a prayer which already done got to heaven more'n five minutes ago."

SOME TIMELY HINTS

WE ARE beginning to realize that "just a cold" is not always a simple thing. Many of the fatal illnesses are begun by a cold that has not been cared for intelligently or has been ignored.

During the spring when unseasonable weather or warm days cause carelessness, colds are most prevalent. A cold may, even after what seems a good recovery, leave the body weakened and thus open to serious complications and after effects. Staying in bed is one of the best remedies, drinking plenty of water and using citrus fruits freely. Nothing has yet been found that is better than the old remedy of hot lemonade, good warm cover, plenty of fresh air and a comfortable bed.

The following are a few recipes for various lemonades:

Hot Lemonade. Take three tablespoons of lemon juice, three-fourths of a cupful of boiling water and honey to sweeten. This makes, with cold water and ice, the standard plain lemonade. This serves one; adding various spices and flavors gives a different lemonade.

On may slice the lemon, cover with boiling water, let stand ten minutes well covered, strain and serve sweetened to taste. This gives the flavor of the peel which is well liked.

Spiced Hot Lemonade. Cut a lemon in two and cut a slice from each half. Extract the juice from the halves. Pour boiling water over the lemon slices, using one cup, add one-eighth teaspoon of ground cloves, one teaspoon of minced crystallized ginger and two cherries cut into halves. Add honey or sugar to sweeten.

Hot Grape Ade. Combine the juice of one lemon with two tablespoons of grape juice, one cup of boiling water and sugar to taste.

Menus should be planned to keep the body in good health, full of pep and energy.

SOME GOOD RECIPES

IF YOU like the Chinese dishes this will be one to prepare for the guests who also enjoy them:

Crab and Egg Omelet.

If the fresh shrimps or crab is used, cook and cool. Shred one cupful of crab or shrimp. Cut one cupful of lean pork into inch long narrow strips. Use scissors for the cutting. Soak one-fourth of a cupful of dried mushrooms, then cut into strips. Slice one large mild onion and cut fine into strips. Fry the pork in two tablespoonfuls of peanut oil until tender and brown. Add onion, one cupful of bamboo shoots and mushrooms, a tablespoonful of soy sauce. Just before dinner beat six eggs, add the finely cut crab or shrimp and the vegetable mixture. Fry in a small amount of peanut oil, in small bits like a pancake.

Lobster Club Sandwich.

Toast bread cut one-third of an inch thick, butter and keep hot. Allow two slices for each person to be served. Sauté the lobster in a little butter, use either fresh or canned. Season well with salt, pepper and a teaspoonful of currant jelly. Fry bacon until crisp. Place slices of bacon on toast and over this a layer of pieces of lobster; cover with mayonnaise, then top with a piece of crisp lettuce or chilled watercress; make another layer of bacon and lobster and on top place a slice of toast. Garnish the sandwiches with sliced tomato, mayonnaise and lemon. Cut into triangles and serve.

Pimiento Cup With Egg and Celery.

Drain the small red peppers from their liquor, place in gem pans to fill. Fill with the following salad: Chop one cupful of celery very fine and mix with two hard cooked eggs chopped. Into this stir one-half cupful of mayonnaise and fill the cups. Decorate with mayonnaise and small shapes cut of green pepper. Serve very cold on crisp lettuce with toasted biscuit and cheese.

THIS IS GOOD-BY

By DOUGLAS MALLOCH

THIS is good-by, and for a long, long while, Not for an hour, nor only for a day, Yet I can laugh, and even you can smile, Though you were always wiser, in a way. And so farewell, and here's the casual kiss Men give so often, even women do; Yet something ever after we shall miss, Miss till such things as hours and days are through.

This is good-by, and for a long, long time, Not for a week, not for a month, or year. Not soon my eager feet the stair shall climb, Though you may wait, may wait in vain to hear. Or I may come, may come and may not find, Yet with a smile we wave, a smile we go. At every parting heaven is always kind; This is good-by—thank God we do not know.

ARE YOU ONE OF THESE?

St. Louis traffic court judges, who handle annually 50,000 traffic violation cases, are said to be unanimous in listing the ten greatest public traffic enemies as:

Bluffing road hog
Impatient driver
Careless pedestrian
Driver who insists on being at the head of the pack
Driver who won't signal
Double parker
Driver who won't dim his lights.

Driver who turns in the middle of the street.

Driver who weaves in and out of traffic.

Horn blower.
Add the drunken driver—and you have a list by which all drivers may profitably check their weaknesses.

One of the St. Louis judges believes that "plain garden-variety rudeness bears more blame for automobile accidents than any other cause."

Another of them says: "The average motorist's short temper at traffic situations is very often translated into recklessness."

And the third remarks: "A persistent traffic discourtesy is simply an accident looking for a good place to happen."

THURSDAY, JULY 9, 1936

Henderson's Stock Co. every Sunday night at Temple Theatre in new plays.

C. A. Smith reports that his family had potatoes from their own garden on the Fourth.

"How Much for So Much," the big comedy drama, Sunday night at Temple Theatre. 10 and 20c.

Mrs. Alfred Hanson is nursing an infected left arm that resulted from a severe case of sunburn.

The need for more cherry pickers at Traverse City is apparent with the SOS call for about 2000 more.

Frank Smiley, of the Bay City Times has purchased a Chevrolet Standard Town sedan from the Alfred Hanson Garage.

Mrs. Mary A. Koerper of Detroit is spending a fortnight the guest of Miss Jane Ingley at Lake Margrethe.

Mr. and Mrs. Archie Fox (Reva Burke) of Gaylord, are happy over the arrival of a daughter, Sandra Jean, Wednesday, at Mercy Hospital.

Thomas Ingley is suffering with infection in his right leg as the result of an injury received while at work. He is getting along as well as may be expected at Mercy Hospital.

Mrs. O. W. Hanson and daughters, Margrethe and Ella, accompanied by their house guest, Mrs. Henry Snyder of Saginaw, and Miss Mary Schumann spent Monday in Petoskey.

Complimenting Mrs. Harry McEvers, several ladies gathered at her home Thursday evening. Games were in play during the afternoon, after which a delicious lunch was served. Prizes were awarded to Mrs. Harold McGreager and Mrs. Oscar Smith. Mrs. McEvers received many lovely gifts.

Miss Jane Ingley entertained a houseful of guests at "Wildwood," Lake Margrethe, over Independence Day. They included Misses Margaret Burrell, Mary Sullivan, Beatrice Mattingly, John and Billy Koerper, Joe Racey, Paul Lilley, all of Detroit, and Miss Violet Nagel, of Saginaw.

William Palmer, a resident of Frederic for many years, passed away at his home in Alba on June 28th from heart trouble and dropsy. He is survived by one sister Mrs. Dollie Webb and two brothers, John of Flint, and George of Alba. The remains were interred in Frederic cemetery beside those of his parents.

Russell Peterson had the satisfaction of landing a beautiful green bass, weighing 4½ pounds, caught at Lake Margrethe. During the past week many of our anglers have been fortunate enough to land their limit in bass and also report good catches in sunfish and bluegills. Quite evidently the season is on for the fishermen.

Mr. and Mrs. Charles Hewitt, and son Fletcher of Detroit visited here over the week end. They were accompanied on their return by their daughter, Miss Audree Hewitt, of Lansing, who had been visiting Mr. and Mrs. George Schaible, for the past few weeks, and by Miss Beverly Schaible, who will spend three weeks visiting at Detroit and Lansing.

There will be a Grange conference and song festival at Grayling on July 11, and all local Grange members are urged to attend. Many of the State officers of the Grange will be present and it will be a big day for that organization. The conference begins at 10:00 a. m. and Grangers are asked to bring their lunch baskets for two meals and make a day of it. Headquarters will be in the 4-H Club buildings.

Announcement was made recently by Mr. and Mrs. George Land, formerly of Grayling, but now of Kalamazoo, of the marriage of their daughter, Miss Eleanor, to Mr. Frederick Dunnington, grandson of Mr. and Mrs. Isaac VanKersen, of Kalamazoo. Their marriage took place Jan. 13, at South Bend, Indiana. Mr. and Mrs. Land have also announced the approaching marriage of another daughter, Miss Marquita, to Mr. John Vanderhoff, son of Mr. and Mrs. L. Vanderhoff, of Kalamazoo, which will be solemnized at that city, July 11. Both young ladies are nurses in Kalamazoo hospitals, and formerly attended Grayling school.

"Our Gang" club was held at the home of Mrs. Kenneth Clise, Thursday afternoon. Seventeen members were in attendance and enjoyed games during the afternoon. Prizes were won by Mrs. Laura Parker, Mrs. Floyd Taylor, Mrs. A. Beck, Mrs. Chas. Corwin, and Mrs. Barton Wakeley. Luncheon on this occasion was especially enjoyable since it was marked by a huge birthday cake honoring the birthdays of the ladies whose anniversaries were in the month of June. These were Mrs. Rollie Failing, Mrs. Sidney Robarge, Mrs. Hurl Deckrow, and Mrs. John Stephan. The next meeting will be held July 16, at the home of Mrs. Charles Corwin.

Mr. and Mrs. Frank Burke and son Vernon and Miss Betty Hope of Toledo, visited over the week end at the home of George Burke. Mr. and Mrs. Burke are parents of Joyce and Luella Burke, who are spending the summer at the Burke home.

Henderson's Stock Co. of eight people will appear every Sunday night at Temple Theatre with new plays. Vaudeville, music and drama.

R. C. Confer is in jail awaiting trial in Circuit court, charged with having taken an auto belonging to Alfred Hanson without the consent and authority of the owner. He was arrested Saturday and had a hearing Tuesday. Judge H. Petersen bound him over to circuit court. He was unable to raise bail bonds.

It is reported that he already has a prison record. About two weeks ago he was around town trying to borrow money to keep himself out of jail for not having paid his alimony, according to his claim. At first he wanted \$5.00, but being unable to get that much, finally was able to borrow \$2.00 upon the statement that Charles Papenfus, for whom he claimed to be working, would pay the loaner on the following Thursday, which plan he said was understood by Papenfus.

He claimed that the prosecuting attorney and sheriff had given him until that night to raise the money or go to jail. Upon investigation later it was learned that neither the prosecutor nor sheriff nor Papenfus knew anything about Confer and his troubles. It is just such fellows as he that make people turn down decent people whenever they may appeal for aid. If he is found guilty, a long term in prison would rid the society of decent people of his presence for at least a while.

LIGHTNING TWICE IN SAME PLACE!

Lightning won't strike twice in the same place is common expression. We're not quite sure that Mr. and Mrs. W. G. Payson are quite in accord with that belief.

Their summer home on the AuSable near Wakeley bridge, has two large white pine trees, standing close together. Recently the Paysons were aroused from their slumbers to discover that the bark had been ripped free from one of those trees. On the very next night the other tree was struck in a similar manner. And we think that is close enough to claim that lightning does strike twice in the same place.

This is a second experience Mr. and Mrs. Payson have had with lightning recently. While fishing in a Florida bay last winter, a ball of lightning burst directly above their boat, causing them and their guide to suffer severe headaches for several hours. With all this experience, we are wondering if Mr. and Mrs. Payson don't think old Thor, the god of thunder, is laying for them.

FAILING-OWENS

Marriage vows were spoken, Saturday, at Six Lakes, Mich., by Miss Reva Owens, daughter of Mr. and Mrs. Dan Owens, and Peter Failing, before Rev. Inez Martz.

The bride was attractive in a gown of Yale blue silk crepe with which she wore white accessories. Mrs. Clarence Sherman, her sister, and only attendant, chose for the occasion a green crepe frock, and white accessories. The groom was attended by Mr. Sherman.

Following the ceremony, the young couple were guests of honor at a wedding supper at the home of the bride's aunt and uncle, Mr. and Mrs. William McAllister, at Blanchard, Mich.

Both young people have made their homes here in Grayling for many years and have many friends, who extend congratulations and best wishes for a long and happily wedded life.

Among the Clerks

(By J. Wellington Bumsted)

What seems to be giving the Hanson Cafe force much cause for concern this week is—just what has happened to Jim Bugby's high chair?

And now we have been informed that Dorothy Reid—that "golden haired" waitress of the Plaza Grill—has become deeply attached to one of our local soda jerkers. We're just wondering, that's all!

Donnie Koivune's greatest ambition is to get that old mustache to such a splendid growth that people will be able to see it from a distance of more than three feet.

We have it on good authority that Biddie Bishaw's bird dog has left town. Mrs. Bishaw and the children left recently for a week's visit, leaving Mr. Bishaw and Bruno to take care of the house. Some great poet has quoted to the effect that you never know what kind of company a man makes until you are forced to share your home alone with him. That may be the reason why Bruno took the first dog trail out of the city 1 hour and 20 minutes after the family embarked for East Jordan.

Some of the dubious ones are wondering just how much labeled glassware Rudy Harrison had met up with before he managed to cripple his finger on a drinking glass.

If you are wondering just how it would seem to have second hand interest in a fine 16-foot river boat, place your inquiry at the local 5 and 10.

The thing that seems to make Madonna Carrivone most outstanding is the fact that she has a most unusual voice, carries her chin an eighth of an inch higher than most people, and has compelling black eyes.

Probably many more worthy inventions will be placed upon the market in the near future now that our local Lem Worthey has time on his hands once more.

Theresa Lytle, sister of Jessie Lytle who formerly waited upon table at "Bob's Place," is the new part time waitress at the Hanson Cafe.

TO CONSTRUCT NEW BRIDGE

Construction on a 90-foot log stringer bridge across the Manistee River will start June 22nd, according to superintendent Glenn Marvin of CCC Camp Kalkaska. Old railroad bridge piling has been removed with a jetting machine operated by foreman Emmett Sullivan, who will

also set the new piles.

A temporary foot bridge was constructed when the old railroad bridge was removed, by technical assistant Herbert Thamer. Construction of the new bridge will be supervised by foreman Hubert Darke. The bridge, 14 feet wide, will have five spans. It will open a wide area in the west end of the AuSable and Higgins Lake State Forests to fire protection.

CURE UNEMPLOYMENT
(By Representative Fred A. Hartley, Jr., of New Jersey)

Legislation or any action by the Federal Government which injures an employer also harms his employees.

Every time the Administration spokesmen threaten to crack down on industry; every time Congressional Committees embark upon fishing expeditions that become inquisitions; every time tax measures to soak the thrifty and weaken reserves are passed; every time the Constitution is flouted in the name of social reform; every time appropriations are passed without regard for our mounting national debt, in each instance Recovery is dealt a body blow.

The business leaders are thus prevented from moving forward. They are restrained from planning for the future, and as a result their employees suffer and those who could be re-employed are forced to remain idle.

We have now come to the stage where it is obvious that this depression is no longer an economic one, but a political one.

I do not condemn every act of the New Deal. I do contend, however, that because of its unwillingness to follow those fundamentals of government which have stood the test of time, it is prolonging the depression.

First, destroying the confidence of those with capital to invest for business expansion. Second, by ruining the initiative of many of our people, teaching them to rely upon the Government—that the Government owes them a living, whether they work for it or not.

We have had depressions before and we came out of them in comparatively short periods of time. We recovered before because American business, unhampered by Federal interference, pulled itself out of the mire and pulled the country out with it.

The truly abundant life is not the result of Government-made work. Three years of experiment have proved "boondoggling" a failure. The irony of it all is that the billions now being spent for these various experiments are drawn from the fruits of the very system they seek to supplant.

Where will these billions come from if that system is destroyed?

It is time to wake up. Let the Government attend to the job of minding its own business and give business encouragement instead of unfair criticism, and assurance instead of uncertainty. If we do this, once again there will be jobs for those who want work, and once again this will be a land of opportunity, where success will be measured by one's initiative and ability rather than by political influence.

Down Stream

By H. B. Smith, III

Last Friday, the caddis finally gave the fishermen a break and practically covered the river from bank to bank. The trouble was that the flies were too thick and it was hard to make a fish even notice the artificial bait. Although the caddis came on below the north branch they were not seen on the still-water until the third of July. Fishermen had a real treat the night of the fourth when the hatch came again on the still-water, and many large fish were caught.

On the Fourth of July the river was crowded with boats. People from Grayling and points north, south, east, and west enjoyed the bright sun and the days' paddle on the river. Most of the cabins along the stream were full of people and as one paddled down the river, it sounded as if everyone had a happy Fourth.

Last Friday, a party which Norval Stephan was guiding, lost a rod case and tip at a camping place just below the North branch. If anyone has found it we hope it will be returned.

The fishermen have joined with the farmer by praying for rain for the AuSable has been getting shallower and shallower. One has to drag his boat over the low spots on the way down from Grayling and the fish are hiding in the deep holes in the shade. We can only pray more strenuously for rain and be thankful that we are not living in Detroit or other big cities.

Last week Mr. and Mrs. H. B. Smith motored to their cabin on the AuSable from Bay City. They were accompanied by their son Frederick.

Wednesday, Mr. and Mrs. Farnum Schultz drove to the H. B. Smith cabin with their sons Robert and Jack. The Schultzes' hall from Grand Rapids and intend to take a trip down from Grayling Thursday.

Last Tuesday Henry Smith III was visited by his cousin, Howard Smith Jr., and two friends from Higgins Lake.

Mr. Editor:

I would like to ask the public if Mr. Roosevelt's 1932 platform was broken or reinforced.

To me it looks like the Republicans are shedding a lot of tears because of the seeming Democratic party. President Roosevelt found early in 1933 that the planks of the 1932 platform were not strong enough to carry the load of fifteen million unemployed. So he added a few timbers which he asked the big boys to pay for. Now they complain about the broken platform promises.

What about Hoover's "two car garage" and "two chickens for every pot"?

Al Smith, John Raskob, and the DuPonts don't give a snap about platforms; they are peeved because President Roosevelt is a humanitarian and not just a figurehead in our Government. They have no feeling for the people thrown out of work by depression. They have plenty of feeling for their pocketbooks by the way they wait at the National Debt.

Yours,
Theodore Leslie.

MAPLE FOREST

Harold McCracken last Thursday afternoon had the misfortune to fall and break his left leg below the knee and splintering the bones in his knee. LOCALS

The Louis Martin residence looks very nice with a fresh coat of paint.

Heart Lake Club at Waters will hold their opening dance tomorrow Friday night. Poki-Dot orchestra of Grayling will play.

What has become of the old-fashioned woman, who when she visited, always felt she must help with the housework?

Seems good to have C. O. McCullough back at his shoe repair shop again. It was necessary for him to close his shop the first of the year owing to ill health, but he says he is feeling fine again now.

Announcement is made of the approaching nuptials of Miss Gladys Mae Wheeler, niece of Thomas and Miss Jane Ingley to Mr. Leo M. Koerper, son of Mrs. Mary A. Koerper of Detroit, that will be solemnized at St. Cecilia's church, Detroit, on the morning of July 18.

A few people, including the Postmaster, have been wondering why the notice of receiving bids for a postoffice site was not printed in a more conspicuous style. Printed instructions from the P. O. department govern this and this notice was set exactly in accordance with their orders.

American Legion Drum and Bugle corps and the Grayling band followed by a lot of local citizens, helped Mancelona to celebrate the Fourth in grand style, taking part in the parade and playing concerts. Grayling Band too played a concert at Roscommon Sunday night closing their week-end celebration.

Fishing luck still seems to be resting lightly on the shoulders of some of our local fishermen. Most outstanding of catches which have been made since the opening of the season is a 16 pound pike, which was landed on the first day of the season by Homer King, who landed the big fellow at Shellenbarger Lake.

C. A. Miller of Kingsford visited his family here over the last week end. Al says he likes his new job of manager of Kingsford, a village of about 6,000, and says that they are starting a movement for the incorporation of that place into a 6th class city, like that of Grayling. "And strange to say," said Al, "that community is starting a winter sports movement." Besides being city manager of Grayling, Mr. Miller was manager of our winter sports here and it looks as tho he would fit very nicely into the plans of his newly adopted community.
